

## Tomas Hedenborg

Tomas Hedenborg is Group CEO of FASTEMS, a supplier of flexible manufacturing systems and robotics-based automation with a strong emphasis on software.

Mr. Hedenborg previously held the position of President and CEO of Finn-Power Oy (machine tools) and HBPO (front end modules for the automotive industry).

He has a strong background in mechanical engineering, specifically in the automotive and machine tool sector. Having spent the first half of his professional life in management positions in the R&D area, the last 15 years he has managed companies with high development potential, through times of radical strategic renewal.

Born in Finland, Mr. Hedenborg holds an MSc in mechanical engineering from Aalto University (former Technical University Helsinki).
